

Dear parents,

I hope that you are all well and keeping safe. At this time it is important that you can keep up to date with what the school are putting on the website about wellbeing, letters and resources for your child. If you are able it is worth downloading an app call 'school news'. Once downloaded you click on the school name. You will be able to see what has recently been put on the website and notifications can be enabled so that you know when new items are put on the website. The app looks like the image below.

Best wishes and stay safe.

Deborah Proudfoot

Assistant head teacher.
